2025/12/10 18:36 1/1 Hose does not reel in

Hose does not reel in

A number of different causes are possible

- Hose stuck
 - Check that the reel is moving freely by manually turning it
- · Hose grows on reel
- Chain has jumped off
- · Motor is broken
 - Check if PLB software is 1.17 or above (softer motor drive)
- Motor cable is damaged
